

Odd Bods Registrar Report – Simon Benoy

My role as Odd Bod registrar is not very time consuming. I keep an eye out on social media for anything Imp related that isn't covered by other registrars and take copies of any interesting photos. I am a member of a Concept Centaur group, a Farmobil group and a Bond 875 group on Facebook. There are very few odd bods in the Imp Club and I haven't had any enquiries in the last year. I am happy to continue.
